# Apply Online For Extra Help With Medicare Prescription Drug Costs

## What is Extra Help with Medicare prescription drug plan costs?

Anyone who has Medicare can get Medicare prescription drug coverage. Some people with limited resources and income **may also be able** to get Extra Help to pay for the costs—monthly premiums, annual deductibles and prescription co-payments—related to a Medicare prescription drug plan. The Extra Help is estimated to be worth about \$4,000 per year. Many people qualify for these important savings and don't even know it.

To qualify for Extra Help:

- You must reside in one of the 50 states or the District of Columbia;
- Your resources must be limited to \$13,640 for an individual or \$27,250 for a married couple living together. Resources include such things as bank accounts, stocks and bonds. We **do not** count your home, car or any life insurance policy as resources; **and**
- Your annual income must be limited to \$17,655 for an individual or \$23,895 for a married couple living together. Even if your annual income is higher, you still may be able to get some help. Some examples where you may have higher income and still qualify

for Extra Help include if you or your spouse:

- Support other family members who live with you;
- Have earnings from work; or
- Live in Alaska or Hawaii.
