

TECHNOLOGY SOLUTIONS for Profitable Partnerships

American General Life Companies

American General's New Business eSubmission Solutions

The insurers of American General Life Companies (American General) offer five solutions for submitting your new business applications electronically — and we can help identify the right one for your operation. Using one of American General's eSubmission models to submit your formal and informal cases instead of mailing or faxing helps reduce the time it takes to get your business to underwriting. The result? Reduced policy issue time, satisfied customers – and quicker commissions! In addition, American General pays the vendor transmission costs for any eSubmitted business.

Zip zAPP Solution

Friendly website that is perfect for a small-to-medium-sized agency that wants a simple solution for scanning to AG. Scan and attach images or application paperwork to CRL via the secure Zip zAPP website. CRL transmits paperwork to American General.

Image Only Solution

This method is ideal for a technology-focused agency or a multi-carrier agency with office staff trained to scan and prep the images following industry standard protocol. Scan and transmit images of paperwork to ExamOne, which then transmits images to American General. American General supports PaperClip and other imaging solutions.

Enhanced Fast Solution

This method is an excellent fit for direct marketing, phone sales, or offices with minimal staff. With Enhanced Fast, you can attach the completed Part A application to the Portamedic paramed order. Portamedic performs case fulfillment and transmits to American General. The examiner can pick up signatures as needed.

Ticket Solution

Excellent solution for direct marketers and telephone, bank or Internet sales. Complete request for term insurance. Vendor performs case fulfillment and sends images of application paperwork and Part A data to American General.

Data and Image Solution

Ideal for offices that track applicant data using an Agency Management System. Scan application paperwork and enter Part A data, then transmit images and data to vendor. Vendor may perform other services (such as exam or case fulfillment) and then transmits to American General. Eligibility must be pre-determined by American General before establishing this solution.

Get started today!

Simply send an e-mail to eSubmission.requests@aglife.com and include the following information: agency name, code and address; your name, phone number and e-mail address; type of solution you are interested in; and your current agency management system, if applicable. An American General representative will contact you shortly after we receive your e-mail to discuss the technology options that would be the best solution for your organization.

American General Life Companies, www.americangeneral.com, is the marketing name for a group of affiliated domestic life insurers, including American General Life Insurance Company and The United States Life Insurance Company in the City of New York.
